This year's negotiations come at a critical time

A lot has changed in the two years since we last bargained our pay and conditions with the BNZ. The economy has got worse and there have been big changes in our industry like the beginning of banks offshoring jobs.

All members needed to launch bargaining campaign

Because of the importance of this year's negotiations we are asking all members to attend your local meeting or conference call. All members attending means we will be stronger and better positioned to win on the issues of importance to us.

You are legally entitled to paid time off work for these meetings and the BNZ has been advised of them. There is no issue coming along to a meeting or joining a conference call.

Confirm your attendance today

All worksites were sent a pack that detailed the date, times and venues of your local meetings or calls. You can find the schedule on the Finsec website at <http://preview.tinyurl.com/n954u6>. Confirm that all members in your site will be attending a meeting by filling in the attached fax back confirmation sheet and faxing it to Finsec ASAP but no later than 5pm this Friday, August 7.
